NETWORK FOR CHILDREN

# STRATEGY 2026–2030

## *Together for Every Child*

We believe in a Bulgaria where every child grows up in a safe, supportive and empowering environment and has equal opportunities to reach their full potential.

Over the next five years, the National Network for Children will bring together civil society organisations, institutions, businesses, professionals and children themselves to turn children's rights into reality.

More rights | More care | More opportunities

**A strategy for children's rights. | More participation. | More opportunities.**

# THREE GOALS BY 2030

## ADVOCACY

Better policies, laws and solutions for every child.

## PRACTICE

Better implementation of children's rights in education, healthcare, social services, justice and business.

## COMMUNICATION

Greater public support, understanding and, trust in children's rights.

All our actions are grounded in the **UN Convention on the Rights of the Child.**

# WE ARE CHANGING:

**POLICIES**
to achieve better solutions for children.

**PRACTICE**
to ensure that children's rights are respected every day.

**SOCIETY**
to build greater understanding, support and empathty.

All our actions are grounded in the **UN Convention on the Rights of the Child.**

# CHANGE STARTS WITH PARTICIPATION

We will work through **two** horizontal approaches:

## STRONGER NETWORK

- more active members
- sharing good practices
- new partnerships
- The House of Children
- training and support

## PARTICIPATION

- children and young people participate in decisions
- parents and communities share their experience
- Megaphone develops a new generation of active citizens

At the heart of everything we do:

*Nothing for children without children.*
